What is Mooney?

...the smell of burning candles and incense at daily Mass.

...the pageant of red and gold on color day.

...the hushed whispers of study hall.

...the "let loose" roar of the cheering section at rallies.

...the fleeting minute between classes.

...the eternity of a minute in the detention room.

...the inexplicable catch in everyone's throat as we sing the Alma Mater for the words mean more to us now.

More than all of this, **Mooney is an intangible something called spirit.** Spirit is the feeling you can see and hear everywhere, in the administration, in the faculty, in the students, all working toward a common goal.
